Kim Kelley **MOTIONED TO PAY BILLS** & Jimmy Risley 2nd the motion,
(MC)

ROADMASTER REPORT: Contacted the Gas Well guys and received information to contact them in case of emergency. Gas wells are closed on Vincent Drive. Waiting for a guy to move the sheds. Someone knocked down two signs on Kettle Creek Road, one by 2-mile and one by 5-mile camp. The one by 2-mile is missing.

Visitors: (open floor 3-5 minutes):

Ted Hill: RFD- had two calls since last meeting. They got called out to East Keating for a well that was bleeding out. RFD assessed it but no gas was coming out. There is a well that is still producing gas but not sure which one. Ted went up to East Keating and talked to Keystone Gas Co. to get contact information about emergencies. He gave all information to Call Center. James mentioned that there is a camp on Vincent Drive that uses gas from the well near their camp.

Old Business:

1. No zoning or police fines this month
2. Got an address for the property in East Keating.
15 Keating Mountain Road, Noyes Township. Since we received the address, I sent letters to Henrys Surveying from WCCMA saying they have enough storage for the waist and Need a Place to Go, that they will place a holding tank at the property if need be. Now waiting on the County and then our Lawyer.
3. Received a Thank you, letter & sticker, from Historical Society for the donation/membership.

New Business:

1. Tracy announced that we were denied the Dirt and Gravel Grant this year because we were not a priority. But I will submit again next year.

Good order:

The floor is open to residents' concerns: (3-5 minutes): Nothing.

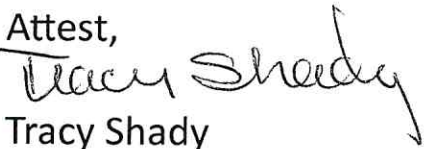

Next meeting: February 10th @ 5:00 pm

Motion to adjourn: Jimmy motioned to adjourn.

Second motion: James's 2nd motion

Meeting adjourned @ 5:20 pm

Attest,

Tracy Shady

Secretary/Treasurer

Noyes Township
